# 外遊時 謹慎使用流動數據 漫遊服務

## Be Mindful of Using Mobile Data Roaming Services While You are Travelling

外遊時想保持輕鬆流動上網及避免巨額數據漫遊費用，你可以：  
To enjoy mobile data service and avoid exorbitant data roaming charges while you are travelling, you may:

考慮購買可於目的地使用的預付智能卡用作上網

Consider purchasing a prepaid SIM card usable at the destination for Internet access

關閉手機軟件及應用程式的自動更新功能

Switch off automatic update functions for handset software and apps

考慮選用設有收費上限的數據漫遊計劃

Consider choosing a charge-capped data roaming service plan

如外遊時不需要數據服務，離港前緊記關掉手機的流動數據及數據漫遊功能。

If you do not require data service whilst travelling, remember to switch off mobile data and data roaming functions on your handset before leaving Hong Kong.
