

留意提示訊息 慎防可疑來電

Pay Attention to Alerts

Stay Vigilant against Suspicious Calls

所有本地流動服務營辦商會就來電號碼為「+852」開首的境外來電，向流動服務用戶發送話音提示或者文字訊息。

All local mobile service operators will send voice alert or text alert to mobile service users for incoming calls with caller number prefixed with “+852”.

即使來電顯示沒有「+」號，並且顯示為八位數字的香港電話號碼，亦有可能被用作詐騙用途。

Even if the caller number display has no “+” sign and shows an 8-digit Hong Kong phone number, it may still be a scam call.
