

List of Telecommunications Standards Adopted/Under Preparation in Hong Kong, China (July 2018 to December 2018)

Issued by: Office of the Communications Authority
29/F Wu Chung House, 213 Queen's Road East,
Wanchai, Hong Kong.

1. List of New/Revised HKCA Specifications¹ Adopted from July 2018 to December 2018

HKCA Reference No.	Title of Specification	International Classification of Standards ²	International Standards under Reference	International Harmonized Stage Code ³
HKCA 1080 Issue 1	Performance Specification for Short Range Devices Operating in the 4.2 – 4.8 GHz and/or 6 – 8.5 GHz Bands Employing Ultra-Wideband Technology	33.060.20 Receiving and transmitting equipment	(i) ETSI EN 302 065 (ii) 47 CFR Part 15, Subpart F	60.60 Document Made Available
HKCA 1075 Issue 2	Performance Specification for Short-Range Radar Operating in the 79 GHz Band	33.060.99 Other equipment for radiocommunications	(i) ETSI EN 302 264-2 (ii) ARIB STD-111 (iii) 47 CFR Part 95, Subpart M	60.60 Document Made Available

2. List of HKCA Specifications under Consultation/Preparation by December 2018

HKCA Reference No.	Title of Specification	International Classification of Standards	International Standards under Reference	International Harmonized Stage Code
NIL				

Note:

1. Before the establishment of the Communications Authority (CA) on 1 April 2012, the specifications prescribed by the Telecommunications Authority (TA) were named as HKTA specifications. From 1 April 2012 onward, revised versions of existing HKTA specifications and new specifications prescribed by the CA will be named as HKCA specifications. For the avoidance of doubt, unless the specific issue number of the HKTA specification is explicitly specified, reference in any document to HKTA specification shall be construed as including reference to the corresponding HKCA specification as may be revised from time to time. In addition, reference in any document to HKCA specification shall be construed as referring to the corresponding HKTA specification if the HKCA specification under reference is not yet present.
2. The classification of the telecommunications standards is based on the document “*International Classification for Standards 2015*” published by the International Organization for Standardization (ISO).
3. The method of indicating the progress of standardization is based on the document “*International Harmonized Stage Codes for Standards Development*” published by ISO.
